Re : **REDAS MEMBERS' NETWORKING SESSION ON 27 AUGUST 2014**

---

**Dear Members,**

1. Come join us for the next REDAS Members' networking session on **Wednesday 27 August 2014**. It will be held **from 9am – 11.30am** at Lounge 1883, Singapore Recreation Club, B Connaught Drive.
2. The session will start with presentations at 9am. Breakfast refreshment will be provided. We believe you will enjoy the networking opportunities and the informative presentations, as appended below.
  - “Legislative Framework to Facilitate the Development of Underground Space” - Today, the law assumes that surface land owner owns underground space which is reasonably necessary for use and enjoyment. Notwithstanding that, it is not clear as to what depth is reasonably necessary for use and enjoyment. From feedback, current basement level is generally within 20m. Ministry of Law (MinLaw) will brief members on the proposed legislative framework which seeks to provide clarity on ownership of underground space.
  - “Subsidies for In-building Communications Infrastructure” - The government has introduced a new scheme to help commercial premises / offices to be connected to the Next Gen Nationwide Broadband Network and other fibre services. Under this scheme, building owners will be able to enjoy up to 80% subsidies through upgrading of their in-building infrastructure. Infocomm Development Authority, Singapore (IDA) will be sharing this new programme with members at this session.
  - “The Singapore Private Residential Market – Have all these measures brought about any structural changes?” – Alan Cheong from Savills will share with you his thoughts on this and more.
3. Participation will be by registration only. No registration fee is required. We look forward to receiving your Reply Form which is attached herewith.

Thank you.

With Best Regards,

Chua Geok Lee  
Director (Corporate Affairs)  
REDAS
