Greetings from REDAS ☺

We are pleased to confirm a networking session on Friday, 5 January 2018. It will be held from 11am to 2pm at Function Room, Level 1, Fort Canning Lodge, 6 Fort Canning Road, Singapore 179494. The session will start with the following **Presentations at 11am**, followed by a light lunch at 12.30pm.

1) **“Understanding Building Information Modelling (BIM) and Virtual Design Construction (VDC)”**

When companies choose to move forward quickly and embrace new business models like BIM and VDC, it can be challenging. BIM adoption results in many different types of opportunities and challenges compared to traditional ways of working in the industry. There are associated costs as well as gaps and technical obstacles that need consideration. Understanding the challenges, solutions and benefits of using BIM and VDC as an enabler for effective project delivery can greatly contribute to increase the adoption of these models in both public and private projects. Members of BCA BIM Steering Committee will update and discuss this topic at the session.

2) **“Wish-list for Budget 2018”**

It is that time of year again when the Singapore Government prepares the Budget for 2018. Join Mr Leonard Ong, Tax Partner at KPMG, Singapore as he shares their Budget wish-list for 2018.

3) **“The Enbloc / Collective Wave – What’s Next?”**

With enbloc/collective sale back to the market, private property prices are expected to rise. While this trend may bode well for property owners and investors, the market is concerned. How long will this wave last? What is the impact on property market? Will the Government launch another cooling measure? Mr Tan Hong Boon, Regional Director, Investments at JLL will share their views and thoughts on this current wave and more ...
