

## REDAS Secretariat – Office Re-Opening

22 October 2020

**Dear REDAS Members,**

Hope everyone is keeping well ☺

It has been 9 months since Singapore reported its first infected COVID-19 case on 23 January. We are now more than 4 months (127 days) into Phase 2.

To minimise the risk of widespread re-emergence of COVID-19 in the community, the Government introduced enhanced safe management practices for general workplace settings which took effect from 28 September 2020. More details are at - <https://www.mom.gov.sg/covid-19/requirements-for-safe-management-measures>

The REDAS Secretariat re-opened its office on 19 October 2020 and implemented safe management measures including split team arrangements and regular cleaning of office premises. The Secretariat also uses control access at the SafeEntry visitor management system to record the entry of all personnel (including employees and visitors) entering the office.

As the Secretariat continues to deliver Daily News and relevant information via emails as well as step up webinar sessions/activities to engage members, we look forward to your continued support and feedback on how we can improve our engagement with you.

If you have any enquiry, kindly contact us at our office telephone line - 6336 6655 or you may send your queries/suggestions to [redas\\_secretariat@redas.com](mailto:redas_secretariat@redas.com).

Once again, on behalf of REDAS President and Members of the Management Committee, thank you for your continued support and wishing each and every member all the best! Take care and stay safe.

With Best Regards,  
Chua Geok Lee
