

TraceTogether-only SafeEntry for Show Galleries

Published: 03 May 2021

ADVISORY TO HOUSING DEVELOPERS

Who Should Know:

All developers with a sale licence

Effective Date:

With effect from 1 June 2021

1. The Smart Nation and Digital Government Group (SNDGO) and Ministry of Health (MOH) announced on 22 Apr 2021 that TraceTogether-only SafeEntry (TT-only SE) will be implemented from 1 June 2021 at all venues that experience high throughput of visitors, and/or where people are likely to be in close proximity for prolonged periods.

2. From 1 June 2021, all show galleries will be required to put in place the systems required for TT-only SE check-in using a TT App or Token by:
 - a. Using one's TT App to scan the venue's QR code;

 - b. Displaying one's TT Token so that a venue staff can scan the TT Token's QR code;

 - c. Tapping one's TT App or TT Token at a SafeEntry Gateway device.

Other modes of SE check-in such as launching your phone's camera to scan a venue's QR code, using Singpass App, and scanning of barcodes on personal IDs should be discontinued from 1 June 2021.

More information can be found [here](#).

3. We would also like to remind you that [MOM's advisory for workplaces](#) must be adhered to at all times in the show galleries.
4. All the Safe Management Measures (SMM) for show gallery in [our circular issued on 18 Dec 2020](#) must still be in place and complied with at all times. As the situation is evolving, you are required to keep abreast of the latest announcements by the Multi-Ministry Taskforce and take immediate steps to comply with any new requirements and ensure that the SMM put in place are in compliance with the prevailing guidelines at all times.
5. The Controller may conduct audit checks at your show gallery, and you will be required to close your show gallery if the SMM are not in place based on the prevailing guidelines.
6. If you need to contact us, you can email to ura_coh_registry@ura.gov.sg.

Thank You.
