

DEVELOP A RISK MANAGEMENT IMPLEMENTATION PLAN FOR WSH (WDA APPROVED COURSE CODE: MF-COM-402E-1)

Course Overview

Jointly organised by Associates Consulting and REDAS, this course will equip participants with the knowledge and skills to be a Risk Management (RM) Team Leader / Champion for the organisation in reducing risks at source by managing the risk management process at the workplace.

It involves developing a practical “**Risk Management Implementation Plan**” for the organisation which identifies specific actions to be taken, by whom and time for their completion. It also entails the formation of a risk management team, risk assessment, controlling and monitoring the risks, communicating these risks to all persons involved and in compliance with the Risk Management Code of Practice (RMCP).

Participants, who have successfully completed the course, will be issued a Certification of Attainment by WDA and qualifying them to apply for the bizSAFE Level 3 certification programs. For more details, please refer to attached **Course Schedule**.

Why is it important to you?

All business owners and/or senior management staffs must **prove** their “due diligence”, should an accident occurs in the workplace. It is for this reason that you need to train your staffs in workplace safety and health management.
